

March 18, 2020

Dear Parents,

Thank you for picking up this packet for your third grade student. We have planned for 8 days of instruction in language arts and math in case we are required to be dismissed from school beyond Spring Break.

This packet includes writing, language arts, math, and some challenge puzzles. It is also expected that students will read a minimum of 20 minutes per day, which is our expectation anyway. Please note that work is not required during Spring Break which is March 23-27.

Students should also access Lexia (language arts), STMath, and Reading A-Z online. Please see the attached instructions for how to access these programs. These apps are part of our weekly curriculum and students should be spending a minimum of 1 hour per week on each app.

We will be available online M-F from 9:00-10:00 a.m. We can also be contacted at any time via email.

Our email addresses are:

sarah.burton@slcschools.org

ellen.henkels@slcschools.org

Please remember that school HAS NOT been cancelled; it has been dismissed because it is a large-group gathering. We need to work together during the dismissal to keep our students academically engaged!

We hope you and your students are well and staying healthy,

Ms. Burton

Mrs. Henkels
